

Our Vision
Transforming children's lives

Our Mission
To help children flourish through
therapy and family support

Contact us

If you're retired and looking for a way to spend some of your leisure time, a student looking for a career in childhood therapy, an entrepreneur of the corporate world seeking a Board role, or a member of a committee seeking a not for profit organisation to partner with – we would love to hear from you.

Please call and speak to one of our friendly staff or visit our website at www.kidsarekids.org.au.

Become A Volunteer

www.kidsarekids.org.au

KIDS ARE KIDS!
THERAPY & EDUCATION CENTRE INC.

Our volunteers are vital to the ongoing success of the programs and services at Kids Are Kids!. Volunteers help us reach out to more children with disabilities or learning delays; the ways that volunteers assist Kids Are Kids! can have a lasting impact on the lives of families and children living with disability.

From helping out in a group program to working with a therapist to collate a child's communication folder to assisting at family events there are so many ways that you can volunteer with Kids Are Kids! The commitment is flexible and the rewards are invaluable.

Volunteering is a great way to meet lots of new people and become a vital part of a community committed to enriching children's lives. It can also be a good way to improve your career prospects.

How you can help

Our current volunteers are amazing people who have helped in so many ways; and they are from all walks of life.

Volunteers enjoy finding a cause that fits their beliefs and a place they'll enjoy volunteering time – that's why Kids Are Kids! is the perfect place to begin looking.

The rewards are endless; you'll see smiles on children's faces along with therapists and administration staff who

value your commitment and time to the organisation.

As an individual volunteer you will be so valued by parents who breathe a sigh of relief as you help to entertain their infant or toddler while they are trying to give their attention to their special needs child in a program or therapy session. Or you may choose to provide administrative support, work in our garden, or provide IT knowledge.

As a corporate volunteer your group effort of assistance may be a day of gardening at our premises, or cooking a BBQ for our families at an event; partnering with Kids Are Kids! will bring you and your staff a feeling of great self-accomplishment.

At Kids Are Kids! we appreciate all that volunteers bring and understand that without them, resources would be further stretched.

At Kids Are Kids! there is a role to suit everyone:

- Board membership
- Office administration
- Group program assistance
- Gardening and building maintenance
- Event coordination and support

- Student community service or work experience
- Corporate community support programs

What skills do you need?

Volunteering with Kids Are Kids! is easy. Talk to us about your skills and interests and we'll do our best to find you a role that suits. A Police Clearance and Working With Children Check may be required and we can assist you in arranging this.

About us

From individual and group programs to government funded programs, Kids Are Kids! provides a range of services that support the developmental needs of all children.

Kids Are Kids! provides families with a wide range of professional therapy services for their child. Families may choose to access one or all of the services on offer from Kids Are Kids! Any child with a difficulty, delay or disability is able to access allied health therapy services offered by qualified, caring and experienced therapists.

Kids Are Kids! is a not for profit organisation relying on the assistance of government funded programs, donations and volunteers assistance.

Our services

Our comprehensive services include Speech Pathology, Occupational Therapy, Physiotherapy and Clinical Psychology to children aged from birth to 13 years of age.

Programs and services are provided in a range of settings including our centre, home, school and childcare. We also have a Mobile Therapy Service that can come to other locations and offer services to regional centres through Telehealth technology.
