

Psychology Assessment Services

Kids Are Kids! provides assessment services that may help to address concerns you have about your child's development and learning.

PSYCHOLOGY ASSESSMENT SERVICES

1 PRE-ASSESSMENT

Kids Are Kids! offers an initial consultation with parents/carers to gather background information and current concerns. The psychologist will recommend the most suitable assessments for your child's needs.

2 COGNITIVE ASSESSMENTS

A cognitive (IQ) assessment helps you understand your child's learning ability, cognitive strengths and weaknesses.

3 ADHD ASSESSMENT

An ADHD assessment includes a clinical interview, cognitive testing, teacher input, and questionnaires.

4 PSYCHOEDUCATION ASSESSMENTS

A psychoeducational assessment evaluates cognitive and academic skills to guide personalised learning.

5 WRITTEN REPORT AND FEEDBACK

You will receive a written report with recommendations and a 30-minute feedback session to discuss results, in person or by phone.
